The 21st Annual Scientific Meeting: Oxford Town Hall, Friday 4th November, 2016

Register at www.bsoa.org.uk/conference/2016-annual-scientific-meeting/registration/

Programme

Session 1: Pain in Orthopaedic Patients: Whose pain is it?

- Managing difficult orthopaedic patients: the surgeon-anaesthetist partnership (Mr. Martin McNally, Oxford, UK)
- PCAs: old and new (Prof. Richard Langford, London, UK)
- Persistent postoperative pain in orthopaedics: is it a problem? (Mr. Adrian Taylor, Oxford, UK)

Session 2: Pushing the Boundaries of Regional Anaesthesia for Orthopaedic Surgery

- "You snooze you lose": prolonged orthoplastic operations in "awake" patients (Mr. Alex Ramsden, Oxford, UK)
- Hypotensive epidural anaesthesia for orthopaedic oncology (Dr. Tom Neal, Birmingham, UK)
- Shoulder surgery without general anaesthesia: possible for everyone? (Dr. Morné Woolmarans, Norwich, UK)

Session 3: Oral Presentations of the Best Abstracts

Session 4: Working Together to Improve Patients' Outcomes

- Hip replacements: can anaesthetists improve patients' outcomes? (Dr. Alwin Chuan, Sydney, Australia)
- Benefits and pitfalls of "fast track" major knee surgery:
 - A. Surgeon's perspective (Mr. Nick Bottomley, Oxford, UK)
 - B. Patient's perspective (Prof. Henry McQuay, Oxford, UK)
- Perioperative blood management: what can we do on both sides of the "blood brain" barrier (Dr. Jan Cernovsky, London, UK)

Annual General Meeting

Lunch Time US-Guided RA Workshops

Register for the Conference Dinner: Wadham College, Old Library

The Conference Dinner (not included in the registration fee) is taking place at the Wadham College, in the Old Library. The dinner starts at **7.00 pm**.

Do not forget to book your place for the dinner. **Seats are limited.**

For more information about how to get to the college, please visit our website at www.bsoa.org.uk/conference/2016-annual-scientific-meeting/conference-dinner

Introducing the National Orthopaedic Alliance *Improving quality in orthopaedic care*

The National Orthopaedic Alliance (NOA) is an [acute care collaboration \(ACC\) vanguard](#) which will provide a framework for improving quality in orthopaedic care in England. It is a membership model founded on evidence-based descriptors of 'what good looks like' in orthopaedic provision.

What will the NOA deliver?

The NOA will create tools for providers and commissioners to enable them to consistently achieve quality and efficiency including a clear benchmarking system. It will develop flexible contracting mechanisms to ensure that commissioners can adopt the quality assured new model of care in different local health systems. The NOA will also be seeking opportunities to support other specialties in adopting similar quality based membership models to drive improvements in care.

Joining the NOA and achieving NOA quality standards will give members the tools and support they need to deliver improved:

- Clinical outcomes for patients
- Quality of life for patients
- Patient experience
- Patient confidence
- Operational efficiency
- Significant savings across the orthopaedic specialty
- Replicable savings and quality improvements across other specialties

NOA partners include Robert Jones and Agnes Hunt Orthopaedic Hospital NHS Foundation Trust in Oswestry, Royal National Orthopaedic Hospital NHS Trust in Stanmore, Royal Orthopaedic Hospital NHS Foundation Trust in Birmingham, Wrightington, Wigan and Leigh NHS Foundation Trust and Oxford University Hospitals NHS Foundation Trust.

If you would like to learn more about NOA or find out how you can get involved, please contact:

Rachel Yates

Director, NOA

Director, National Orthopaedic Policy Unit at Royal National Orthopaedic Hospital NHS Trust

BSSH James Lind Alliance Priority Setting Partnership Common Conditions Affecting the Hand and the Wrist

BSOA has been approached by the British Society for Surgery of the Hand with a request to help in identifying unanswered questions about the management of hand and wrist conditions. The British Society for Surgery of the Hand (BSSH) along with the James Lind Alliance (JLA) are undertaking a survey of the questions that people with **any** experience of common conditions of the hand or wrist, and the health care professionals who treat them, consider important to be answered by research in the future.

Research topics are often decided by researchers, so they want to gather the views of patients, carers, family members and health and social care professionals to help to ensure that future research is aligned with what matters to those directly affected.

For more information about the partnership, please visit bit.ly/bssh_jla

Please help by completing [a short online survey](#).

If you are a health care professional treating any aspect of adult hand or wrist problems:

What question(s) about the management of Common Conditions Affecting the Hand and Wrist would you like to see answered by future research? [\[Clinician Survey Link\]](#)

The other surveys for people with a hand or wrist condition (including their family, friends and carers) are available online at bit.ly/bssh_jla

Save the Date:

2nd–3rd November, 2017
**The B.S.O.A International
Annual Scientific Meeting 2017,
Prague, Czech Republic**

After great success of the previous international ASM which was organized by our former president Rita Ga Delrab in 2013 in Egypt, we are honoured to invite you to Prague, the Czech Republic to attend our 2nd BSOA International Annual Scientific Meeting.

The meeting will be held at the upscale Corinthia Hotel Prague which stands on top of one of Prague's hills, beckoning with unrivalled panoramic views of this magical city.

We are working hard on the scientific programme and we are happy to confirm that so far the following speakers have confirmed their lectures:

Prof. Michael Mythen

University College London Hospitals NHS Foundation Trust, London

Prof. Timothy Briggs

Royal National Orthopaedic Hospital Trust, Stanmore

Dr. Daniel Martin

University College London Division of Surgery and Interventional Science Critical Care Unit; Institute of Sports Exercise and Health

Dr. Ram Krishnan

Royal National Orthopaedic Hospital Trust, Stanmore

The Preliminary Programme

Thursday 2nd November 2017

- 1st Session: "Pain and Major Orthopaedic Surgery" Joint BSOA and CSARIM Session
- 2nd Session: "Anaesthesia for Spinal surgery, Complications and Development"
- Gala Dinner

Friday 3rd November 2017

- 3rd Session: "Extreme Medicine: How can we utilise the knowledge?"
- 4th Session: "Evidence Based Medicine" "Perioperative Factors which Influence Functional Outcome in Complex Orthopaedic Surgery"
- 5th Session: Oral Presentations of the Best Abstracts
- 6th Session: "Regional Anaesthesia: Way Forward?"

Save the Date for B.S.O.A Meetings:

The 21st BSOA Annual Scientific Meeting
4th November 2016, Oxford Town Hall, Oxford

The B.S.O.A Spring Scientific Meeting 2017
13th April 2017, Birmingham

The B.S.O.A International Annual Scientific Meeting 2017
2nd–3rd November 2017, Prague, Czech Republic

B.S.O.A Membership: Already Registered?

Are you a B.S.O.A member, but have not registered on our website yet?

In 2015, B.S.O.A changed their membership payment method from standing orders to direct debit payments. We would like to ask our members to cancel their current standing orders and change to direct debit payment through our website.

Please fill in the registration form at
www.bsoa.org.uk/membership/become-a-member/

If you have already paid via standing order for 2016, please register and skip the payment page. You shall be sent further instructions by e-mail within a week.

THE 2ND INTERNATIONAL SCIENTIFIC MEETING

Anaesthesia for Orthopaedic Surgery – The Evidence

2nd – 3rd November 2017

Prague, Czech Republic

MEETING SECRETARIAT: GUARANT International, Na Pankraci 17, 140 21 Prague 4, Czech Republic
Phone: +420 284 001 444, Fax: +420 284 001 448, E-mail: bsoa2017@guarant.cz, www.bsoa.org.uk

November 2017: join Europe's premier Orthopaedic Anaesthesia Society in Prague, the golden city of a hundred spires

The B.S.O.A. scientific meeting is held in co-operation with CSARIM

The B.S.O.A. scientific meeting will be held under the auspices of Prof. MUDr. Karel Cvachovec CSc., MBA

Meeting president: Dr Jan Cernovsky FRCA

Meeting Vice President:

prof. MUDr. Karel Cvachovec, CSc., MBA

KEYNOTE SPEAKERS:

Prof. Michael Mythen

MB BS MD FRCA FFICM FCAI (Hon)

University College London Hospitals NHS Foundation Trust, London

Professor Michael Mythen is Smiths Medical Professor of Anaesthesia and Critical Care UCL. Director of the UCL Centre for Anaesthesia and The UCL Discovery Lab and a resident PI at the Institute of Sports Exercise and Health. He was a National Clinical Advisor for the Department of Health Enhanced Recovery Partnership until May 2013. Editor in Chief of Peri-operative Medicine; on the Editorial Board of the BJA and Critical Care;

A member of the Improving Surgical Outcomes Group; Expert advisor to the NICE IV fluids guideline development group;

Prof. Timothy Briggs

MBBS (Hons), MD(Res), MCh(Orth), FRCS(Ed), FRCS(Eng)
The Royal National Orthopaedic Hospital, London, Stanmore

Professor Briggs qualified from The Royal London Hospital in 1982 with honors in surgery and a number of prizes. After his senior registrar training he was appointed to the Royal National Orthopaedic Hospital as Consultant in 1992. His specialist interests are in orthopaedic oncology as well as surgery to the hip and knee. He was Medical Director at the RNOH for 15 years, ensuring a re-build and was President of the British Orthopaedic Association in 2014.

He was appointed as National Director for Clinical Quality and Efficiency for the NHS in September 2015 and has been asked to lead and roll out his GIRFT methodology, developed in orthopaedics, across all surgical and medical specialties within the provider network.

SCIENTIFIC COMMITTEE :

Dr Bernadette Ratnayake

MBBS FRCA

Consultant Anaesthetist

Lead Inpatient Pain Service

Lead Pre-assessment Service

Kingston Hospital NHS Foundation Trust / Elective

Orthopaedic Centre Epsom

President, BSOA

Professor Richard Langford

Hon. Consultant in Anaesthesia and Pain Medicine

Pain and Anaesthesia Research Centre

St Bartholomew's Hospital

Barts Health NHS Trust

THE PRELIMINARY PROGRAMME

Thursday 2nd November 2017

1st Session

"Pain and Major Orthopaedic Surgery" Joint BSOA and CSARIM Session

2nd Session

"Anaesthesia for Spinal surgery, complications and development"

Gala Dinner

Friday 3rd November 2017

3rd Session

"Extreme Medicine: How can we utilise the knowledge?"

4th Session

"Evidence Based Medicine"

"Perioperative Factors which Influence Functional Outcome in Complex Orthopaedic Surgery"

5th Session

Oral Presentations of the Best Abstracts

6th Session

"Regional Anaesthesia: Way forward?"

We will be exhibiting our patient positioning range at
The 21st Annual Scientific Meeting 2016
Friday 4th October
at Oxford Town Hall, Oxford

PRONE-SMART HEAD SUPPORT SYSTEM

Use the Head Strap as an "extra hand" to help you support your patient's head during the turn

Adjust the height and tilt of the helmet on the mirror platform with the easy grip adjustable cogs

Use the ET Tube Clip to secure your patients tubing during a procedure

LATERAL & SUPINE HEAD SUPPORT

Anatomically shaped to support your patients head in both the lateral and supine position

Disposable Memory Foam Pads provides extra comfort

Absolute Angle Pads allow you to adjust the height and angle of the reusable Lateral & Supine Head Support

To see our full range of patient positioning supports visit
www.absolutepatientcare.com
